Are you tired of being like everybody else?

The Girl Skateboard Company was created to offer skaters a unique and extraordinary board to use.

Are you one of the many skaters out there who's tired of being in the mainstream? We can offer you the way out! Even if you are just starting out as a skater, and especially if you're a girl, you would want your first skateboard to be special. We believe that buying your first board is just as special as getting your first car or house.

Pretty Sweet! Our new line of skateboards

We've just released our brand new line of skateboards together with the critically acclaimed skateboard film directed by Spike Jonze with the same name.

The decks are more durable and lighter than ever. You can choose from 10 different awesome designs to find one that suits you perfectly! Log on to our website at www.girlskateboards.com and get yours today!

Get on your board!

After you've got your own board, all you have to do is practice. There are tons of female professional skaters out there. We offer you all the tools you need to become the best, but then it is up to you! Find inspiration to new tricks, skating styles, and even spots around the world by watching our films. They can all be found via our website. Also, go on there to read about other female skateboarders and hear their stories.

See you out there!
